Momiji: “What happened to you, Excellia? What happened to the Gyreworms? They were still rampaging around before the cave-in, but...”

Excellia: “I killed them with vector magic.”

Momiji: “You defeated them with vector magic alone?! Incredible! So you're saying you made it out of that cave on your own too, without using prism?”

Excellia: “Yeah, I'm pretty amazing, huh?”

Momiji: "Hmm... Well, if you say so."

Excellia: "There it is! Look!"

Momiji: "What the hell is that thing?"

Excellia: "I don't know, but I think it's a monster."

Momiji: "You're kidding, right? There's no way a monster could get that big."

Excellia: "I'm telling you, that's what it is. We need to get out of here. Now."

Momiji: "Are you crazy? We can't just run away. What about Misty and the others? We have to warn them."

Excellia: "No, it's too dangerous. Besides, if we try to run, we'll just attract attention. And then what?"

Momiji: "Damn it. I knew we shouldn't have come down here. This was a bad idea."

Excellia: "Maybe, but what's done is done. Now we just have to deal with it."

PART III — BATTLE SCENE IN CONTEXT

Continuous excerpt: Excellia and Momiji versus the cavern monster.

The scene below is presented as written in Script Part 2, with paragraph formatting only.

Momiji: “I'll do my best. Just make sure you keep an eye out for the big guy.”

Excellia: “Heh. Don't worry. He won't get past me.”

With that, they both prepare themselves for battle. The monster lets out a deafening roar and starts charging toward them.

Excellia: “Holy shit! That thing's huge!”

Momiji: “Yeah, no kidding. And it's fast, too.”

Excellia: “You're right. We'll have to be careful. Come on, let's do this!”

The monster charges at Momiji and tries to hit her with its claws. But she easily dodges, and hits it with her chain mace. The monster roars in pain and falls to the ground.

Momiji: “Yeah, take that! Who's next?”

The monster gets back up and charges at Excellia. She dodges its attack, and counters with a powerful punch. But the monster is unfazed and hits her with its tail.

Excellia: “Damn it. This thing is tough.”

Momiji: “Well, it's not getting past me.”

Momiji prepares her dark shadow magic again, and launches a barrage of shadow bolts at the monster. But the monster doesn't seem affected, and keeps charging at them.

Momiji: “Ugh. This is gonna be a long fight.”

Excellia: “Just hang in there, we'll beat this thing eventually.”

Momiji: “We'll see about that.”

Excellia charges up her mana and launches a massive fireball at the monster. But it easily blocks the attack and sends a shockwave in her direction.

Excellia: “Woah! That was close.”

Momiji: “Yeah, no kidding. It's a good thing you didn't hit it head on.”

Excellia: “Heh, no kidding. You'd probably have knocked it out with one shot.”

Momiji: “Maybe, but we still need to finish this thing off.”

Excellia: “All right. Let's do it.”

Momiji charges up her mana and launches a powerful ice blast at the monster. But the monster doesn't seem fazed, and continues charging at her.

Momiji: “Ugh. This thing is tough.”

Excellia: “Yeah, no kidding. I don't know how long we can keep this up.”

Momiji: “Well, we've got no choice. We have to beat it.”

Momiji casts Void Tendrils—Roots up to 5 nearby enemies. The root is a friendly target and breaks once it has taken enough damage.

Momiji: “It's not just tough, it's really strong too. We'll need to hit it harder if we want to beat it.”

Excellia: “Got it.”

Momiji prepares her dark shadow magic again, and launches a barrage of shadow bolts at the monster. But the monster doesn't seem affected and keeps charging at them.

Momiji: “Ugh. This is gonna be a long fight.”

Momiji then follows up with another spell called Shadow Word: Pain—Instant cast damage spell that applies damage over time effect, dealing shadow damage to the target. Excellia takes advantage with her own void magic against the creature.

The battle continues for some time, and Momiji and Excellia continue to exchange blows with the monster.

Eventually, Excellia manages to land a critical hit, dealing with a significant amount of damage to the monster.

Excellia: “Yes!”

Momiji then follows up with a powerful spell called Death Pact—grants the caster a powerful heal over time effect.

Momiji laughs, and the two continue to fight the monster.

But soon, the monster becomes too powerful for them to handle, and they find themselves in a losing battle.

Momiji: “Dammit! We can't keep this up!”

Excellia: “Then we need to find a way to stop it!”

Momiji: “How?”

Excellia: “I don't know, but we have to think of something.”

The monster continues to attack them, and the two continue to struggle against it.

After some time, Momiji comes up with a plan.

Momiji: “I have an idea.”

Excellia: “What is it?”

Momiji: “We need to get it to the ground, and then we can hit it with everything we've got.”

Excellia: “Okay, let's try it.”

Momiji casts Dark Sickness— The caster afflicts the target with a disease that deals shadow damage to the target.

Excellia: “Now what?”

Momiji: “Let's try and bring it to the ground.”

Momiji and Excellia try to drag the monster to the ground. But the monster seems to be too strong for them to do so.

Excellia: “This isn't working.”

Momiji: “Let's try something else.”

Excellia uses crystal magic to create a crystal wall around the monster, trapping it.

Excellia: “I have an idea.”

Momiji: “What is it?”

Excellia: “We can use my magic to control its body.”

Momiji: “Okay, let's try it.”

Excellia and Momiji both begin to concentrate, and Excellia starts to control the monster's body.

You Momiji takes the open to use her chain mace and performs a continuous spin attack while descending down rapidly with the final hit, producing a radial shockwave that sends the creature flying against the cavern wall.

Excellia casts Crystal Lance—Extendable crystal lances burst from the ground and attack the enemy.

Momiji casts Shadow Word: Death—An instant cast damage spell that deals shadow damage to the target.

Momiji casts Dark Sickness— The caster afflicts the target with a disease that deals shadow damage to the target.

Excellia casts Crystal Shuriken—Crystal shuriken projectile attacks the enemy.

Momiji casts Void Lance— A beam of void magic blasts the enemy.

Momiji uses the crystal shuriken to distract the monster.

The monster is now distracted by the crystal shuriken, and Excellia uses this opportunity to attack it with her crystal magic.

Excellia uses crystal magic to create a crystal wall around the monster, trapping it.

Excellia uses the crystal wall to block the monster's escape.

Excellia: “I think that did it.”

Momiji: "I think so too."

Momiji looks at the monster and sees that it is still alive, but not for long.

Momiji uses her magic to control the monster's body and makes it run into the crystal wall.

As the monster collided against the wall, you see it shattered and turned into thousands of little tiny pieces.

Momiji continues using her magic, and a second wave of fragments flies through the air and strikes the monster.

The monster, unable to maintain its composure, bursts apart and turns into little pieces.

Excellia: "Good work, Momiji."

Momiji: "Thank you, Excellia."

Moments later, you see Momiji walk up to you and kneel down.

Momiji: "We did it."

Excellia: "Yes, we did."

You then hug each other and kiss.

Excellia breaks the hug.

Excellia: "Let's rest a little before we go back, I need to catch my breath."

Momiji: "Me too."

Excellia: "Let's take a break."

Excellia and Momiji both sit down on the ground and rest.

Additional Battle Excerpt — Zuramat

A shorter combat excerpt from Script Part 3, retained because it contains strong Excellia combat callouts.

Pulled directly from Script Part 3.

Excellia: "Well, then. Let's get this over with,"

Zuramat shot out a large amount of dark energy, which Excellia dodged easily. Zuramat continued its assault, launching a barrage of dark energy projectiles. Excellia dodged a second round, jumping high into the air.

She landed on a ledge and fired her Earth magic at the elemental, impaling the void beast's tough skin from the bottom upward. The void elemental roared in pain and charged up a more powerful spell.

Excellia then jumped off the ledge, aiming a spinning kick at the elemental's face. She managed to hit her target, causing the elemental to lose its concentration.

Excellia: "I'm getting annoyed. Come on, let's wrap this up. "

Excellia: "Come forth, Crimson Lotus!"

Excellia smirked as the elemental approached, her crimson lotus technique fully prepared.

The elemental charged its own spell, launching a large beam of dark energy at the elf girl.

Excellia: "Now, let's see if you eat this!"

Their attacks collided, creating a blinding light and a deafening roar.

Excellia: "That's got it..."

The void elemental was half dead with a hole through its center. But it roared again.

Excellia quickly increased the output of electricity through her body, causing sparks to randomly appear out of thin air throughout the lower deep road cave and over the aura of her Excellia's body.

She slammed her left knuckle blade into the elemental's head, the electricity shockwave burst forth engulfing, disrupting and sending the elemental upward into the air.

Momiji: "Finally, that annoying bastard is dead."
